CHRISTMAS LUNCH

PARTNERS IN CRIME SPECIAL!

WHEN Friday 7th December, 12pm
WHERE The Brewery, Chiswell Street, London, EC1Y 4SD

DYNAMIC DUOS

On the 7th December, we're welcoming to the Brewery three of the most popular and successful duos to have partnered each other at the highest level for England.

MICHAEL OWEN

Owen is one of the best England & Liverpool has ever had up top. He is one of very few Englishman to have won the Ballon D'or and was an integral part of the England squad for several years.

England Goals – 40
Liverpool Goals – 118

EMILE HESKEY

Heskey partnered Owen up front in the 00-01 season where Liverpool won the treble. In the same year, both Heskey and Owen were on the scoresheet in England's famous 5-1 win over Germany!

England Goals – 7
Liverpool Goals – 39

STEVE HARMISON

One of only 4 Englishmen to be ranked the best bowler in the world. Harmison's career highlights include his 7 for 12 against the West Indies and his match winning wicket vs Australia at Edgbaston in 2005.

Test Matches – 63
Test Match Wickets – 226

MATTHEW HOGGARD

Swing king Hoggy was equally as crucial in winning the greatest ever Ashes series in 2005. He represented England on 93 occasions and was named Wisden Cricketer of the Year in 2006.

Test Matches – 67
Test Match Wickets – 248

WILL GREENWOOD

England's most prolific ever centre and a key member of an England side that dominated for years. Now an established Rugby journalist and one of the frontmen for Sky Sports' Rugby coverage.

England Appearances – 55
England Tries – 31

MIKE TINDALL

Ex-England captain and England's highest capped centre. Tindall & Greenwood were a pivotal part of England's golden generation of Rugby and have gone down as arguably the best centre partnership to play the game.

England Appearances – 75
England Tries – 14

PLUS... an abundance of festive entertainment.
Music, sweet carts, a room full of cheese and more!

This event sells out every year, so secure your table(s) now to avoid disappointment.

Package details on next page.
